

## **TEST CASE 1 – Successful Login**

**Test Case ID:** TC-001

**Title:** Verify successful login with valid credentials

**Module:** Login

**Preconditions:**

- User is on the OrangeHRM login page
- Correct credentials available:
  - Username: Admin
  - Password: admin123

**Test Steps:**

1. Open the browser and navigate to the login page.
2. Enter “Admin” in the Username field.
3. Enter “admin123” in the Password field.
4. Click on the **Login** button.

**Expected Result:**

User should be redirected to the Dashboard successfully.

**Actual Result:**

User successfully can access to the Dashboard.

**Status:**

Passed 

## **TEST CASE 2 – Create New Employee**

**Test Case ID:** TC-002

**Title:** Verify employee can be created successfully

**Module:** PIM > Add Employee

**Preconditions:**

- User is logged in
- User has access to the PIM module

**Test Steps:**

1. Navigate to the **PIM** module.
2. Click on **Add Employee**.
3. Enter a valid First Name (example: “John”).
4. Enter a valid Last Name (example: “Doe”).
5. Make sure the Employee ID is generated automatically.
6. Click the **Save** button.

**Expected Result:**

The new employee profile should be created and displayed without errors.

**Actual Result:**

On the first attempt to create the employee profile, the system automatically generated an employee code, but displayed an error message indicating that the code already existed and did not allow saving the information. On the second attempt, the system allowed the creation successfully without showing the error.

**Status:**

Failed – Occurred on first attempt, passed on second

### **TEST CASE 3 – Search for an Existing Employee**

**Test Case ID:** TC-003

**Title:** Verify employee search returns correct results

**Module:** PIM > Employee List

**Preconditions:**

- User is logged in
- At least one employee exists in the system
- Employee name or ID is known

**Test Steps:**

1. Navigate to the **PIM** module.
2. Click on **Employee List**.
3. In the search field, enter the employee's name or ID (e.g., "John Doe").
4. Click the **Search** button.

**Expected Result:**

The employee should appear in the search results without errors.

**Actual Result:**

The employee appears in the search results correctly.

**Status:**

Passed
